

# JONGGU JAKE BAEK

*Full Stack Web Developer*

Phone: 519-330-8892 | Email: jakejonggubaek@gmail.com

## LINKS

## SKILLS

## PROFILE

I am a web developer with strong responsive web design skills with other front end background knowledge to build dry, clean, and accessible applications. My passion for problem solving, an eagerness to learn and to adapt new technologies are strengthened by my previous experiences in web development & consulting roles. I am looking forward to applying my results-driven work style along with my collaboration and supportive attitude to your team.

## RECENT PROJECTS

### **Popsipoll ([link](#))**

HTML, CSS, SASS, JavaScript, React, Firebase

- A responsive React project that provides create / share / vote polls & poll results with dark / light mode and preview poll functions.

### **Jake's Travel Survey ([link](#))**
